FOREST DIGITAL

SAMPLING & ARTWORK PRICE LIST

If you are not able to produce a file in the recommended format or manage your artworks, we can do this for you. Please see our prices outlined below.

STEP 1: FULL 3 METRE FD COLOUR BOOK @ £125.00
This will include over 1,000 numbered colour chips for you to choose from.

STEP 2: ARTWORK SEPARATIONS @ £50.00 PER LAYER
We will then separate your artworks; each layer is determined by a new colour. If your artwork has 6 colours, that is 6 layers.

STEP 3: RECOLOURING LAYERS @ £50.00 PER LAYER
You will need to give us your new desired colours by referencing the numbers from the colour book. Once the artworks are separated, we can then insert the new colour codes.

STEP 4: ARTWORK ALTERATIONS @ £120 PER HOUR
This will include cleaning up artworks, adding borders, adding signatures or logos, fixing repeats and general artwork amendments.

STEP 5: 1M SAMPLING STRIKE OFF @ £100.00
Now that your files are colour ready, we can print a 1m sampling strike off for your approval of artworks, colours, fabric choice and scale before proceeding with production orders.

Each order varies, so if you need any of our sampling or artwork services, please bear in mind that you will need to be clear on your requirements and what it is you want to achieve.

Any questions or queries on the above, please contact Jessica at *jessica@forestdigital.co.uk*.
